*we created the most efficient network
in the hydraulics and pneumatics industry*

*you can be a **supplier***
*you can be a **customer***
or both

Essetierre and KD Consulting: powering the future of hydraulics

Essetierre, together with **KD Consulting**, has created a **new commercial division entirely dedicated to hydraulics and pneumatics**, the technology that powers motion, strength, and precision across industries.

Our mission is to build the **most efficient network in the hydraulics and pneumatics sector**, connecting companies, people, and opportunities. From power units and pumps to cylinders, valves, and fittings, we bring together all the components that move the world, serving industries such as **automation, general mechanical engineering, agriculture, construction equipment, transportation, civil engineering, marine engineering, heavy-duty equipment, and much more.**

Our **dual business model** empowers companies to act both as **suppliers and customers**, creating powerful synergies across the entire value chain. Thanks to efficient **Supply Chain Management**, we streamline sourcing, production, and distribution processes to maximize flexibility and competitiveness. We supply high-quality hydraulic components under advantageous conditions and also purchase and distribute finished systems produced within our network; **a dynamic, mutually beneficial approach that drives growth and adds value at every stage.**

Behind this project stands a team of highly skilled engineers and sales professionals with **over 25 years of experience in the hydraulics industry**. The initiative is led by **Kai Dietrich**, a seasoned expert who has held key positions at **Parker Hannifin, Voss Fluid Industrial Fittings, and Nachi Europe.**

Together, Essetierre and KD Consulting are building a network where collaboration drives innovation, and every connection fuels growth.

driving the power of connection

Certified supplier brands

Bosch Rexroth - Parker - Danfoss / Eaton - Kawasaki - Brevini - Bonfiglioli - Hydac - Duplomatic - Casappa - Marzocchi - Ronzio - Bucher - Bondioli & Pavesi - Hydra-Force - Sun - Vivolo - Argo-Hytos - Linde - Hawe - Webtec - Stauff - Hydro-Control - Voss - Walterscheid - Manulli - Indunorm - Festo - MetalWork - SMC - Air Filter Europe (AFE) - Schneider - Atlas Copco - Parker - SKF - Schmitter - Lincoln
